Power Tracks

reimagined

STEP INTO A REALM WHERE THE MOST EXQUISITE
POWER TRACKS AWAITS YOUR COMMAND

Saurabh Saggar
CEO of Gler S.R.L

Saurabh Saggar is a distinguished business leader with over 15 years of invaluable experience in the power track industry. His remarkable journey has been characterized by visionary leadership, unparalleled management skills, and a commitment to driving innovation in the business world.

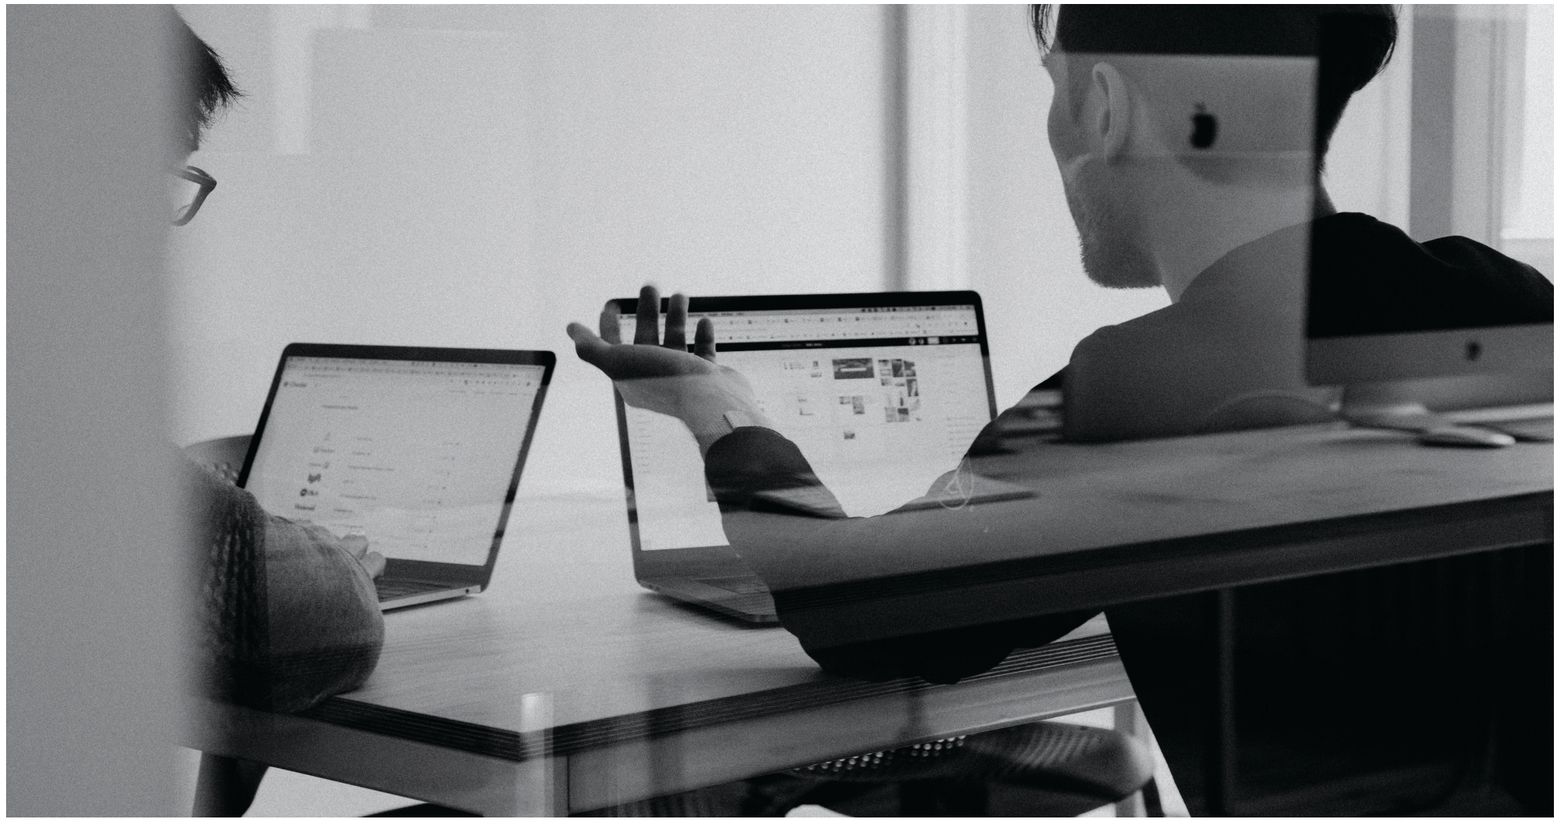
As the CEO of Gler S.R.L, Mr. Saggar has demonstrated an exceptional ability to turn innovative ideas into thriving businesses. Saurabh Saggar's educational journey is equally impressive, having completed his studies at prestigious institutions such as the University of Cambridge, Singapore, and Deakin University, Australia. These educational experiences have enriched his knowledge and deepened his understanding of global business dynamics.

Based in Turin, Italy, the industrial hub of the country, Mr. Saggar founded Gler S.R.L, a testament to his vision and dedication to making a lasting impact. Under his leadership, Gler has thrived, setting new standards of innovation and success in the industry. Saurabh Saggar's legacy is one of transformation and progress. His exceptional leadership and unwavering commitment to turning visionary ideas into reality continue to shape the future of Gler and inspire those around him.

Glorious.
Limitless.
Elegant.
Revolutionary.
That’s GLER.

We're building a bright new world, reimagined on power tracks. Welcome to GLER.

At Gler, we've combined innovation and sophistication to create a line of exemplary electrical products designed to not just touch the lives but also change lifestyles of our patrons in the best way possible. We are on the journey to create aesthetically stunning and thoughtfully efficient spaces for all, matched with unparalleled reliability and driven by our innovative power track systems. We are on course to creating a better and brighter future, where technology redefines the joys of contemporary living.



Security Certification

All products comply with the International Electrotechnical Commission (IEC) safety standards. Holding 58 patents, certified by the Conformité Européenne (CE) and the Federal Communications Commission (FCC).

Environmental Certification

Protecting the environment and caring for health are our corporate values. Our products are certified by RoHS compliance, and our materials are recyclable and environmentally friendly.

Our vision at GLER

GLER is determined to rise as the unparalleled pioneer of precision and innovation, wielding a transformative force that sparks progress and unveils uncharted horizons. Our unwavering dedication propels us toward a radiant era, where we redefine the energy industry with sophisticated and ground-breaking solutions. We are committed to create safe, secure environments, spreading energy and possibilities everywhere, where limitations no longer hold us back, and life feels like aa treasure chest of endless opportunities.

Our mission at GLER

At GLER, our mission is crystal clear: to deliver the world's most dependable and secure power track systems. Our unwavering commitment drives us to engineer solutions that establish a global benchmark for reliability and safety. We ensure that businesses and communities can rely on our technology for smooth, protected, and uninterrupted power distribution.

Raffaello Series

Raffaello Series CLA

Installation: Wall-mounted/Recessed
Power: 8000W
Voltage : 250V
Current : 32A max

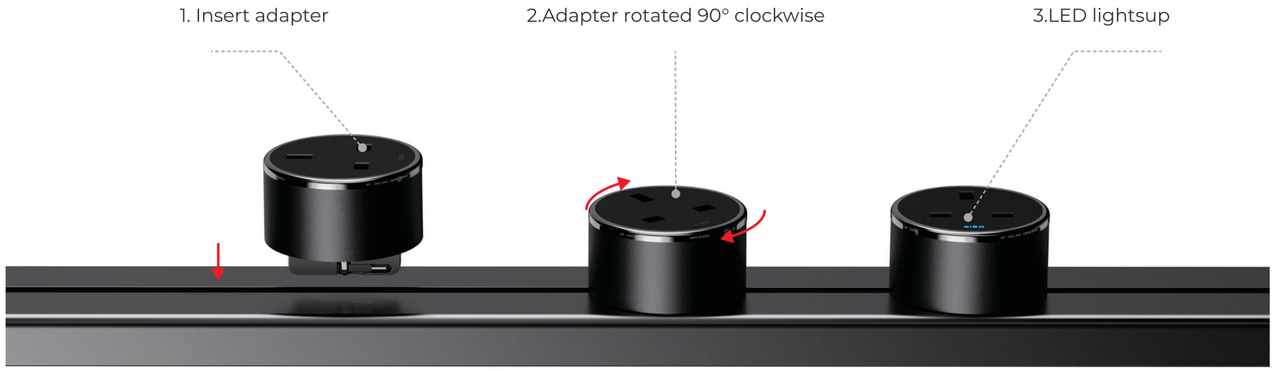
Raffaello
Track

Raffaello Series

Raffaello Series Track

The unique temperament of the Raffaello series is serene, harmonious, symmetrical, perfect, and tranquil, much like the works of Raphael Sanzio. The Raphael series is made with zirconium and oxidation technology, providing a skin-like touch.

Adaptor use



It’s not the things we make, but the lives we touch.

Core Values at GLER

Putting Customers First: Our unwavering commitment to customers drives us to deeply understand their needs and consistently exceed their expectations.

• **Trustworthy Foundation:** Trust is at the core of our relationships with customers, partners, and our dedicated team. We uphold the highest ethical standards and steadfast reliability in everything we do.

• **Open Communication:** We believe in open and honest communication, both within our organization and beyond. This builds trust and accountability in all our actions and decisions.

• **Team Collaboration:** Our success depends on working together effectively. We value the diverse talents and perspectives of our team, combining our strengths to achieve common goals.

• **Design Innovation:** We are dedicated to innovative design that combines aesthetics and functionality. Our products not only excel in performance but also enhance the environments they serve with beauty.

• **Sustainability:** As environmental stewards, we commit to sustainable practices and eco-friendly products, reducing our impact on the environment and contributing to a more sustainable future for all.
